PROJECTS

React Ecommerce Website ↱

Developed a responsive e-commerce site with dynamic product listings, cart functionality, category filters, and product detail pages. Showcases skills in React Hooks, component-based design, and modern UI/UX.

Food Delivery ↱

Built a responsive food delivery website with React and Tailwind CSS, featuring dynamic cart management via Context API and an optimized UI for seamless mobile and desktop experience.

Spotify Clone ↱

Developed a fully functional Spotify clone music player using HTML, CSS, and JavaScript. Features include a dynamic playlist, play/pause controls, song seeking, and responsive design for seamless user experience.
